

Name: Camille Iverson

Hometown: Roseau, MN

Where are you at in life now? I am a student at Northwest Technical College in Bemidji, MN. I am currently in the Young Child Education program and am loving every minute of it.

Last good book you read: Crazy Love by Francis Chan

Last good movie you saw: My Big Fat Greek Wedding.

Favorite food: Popcorn and grapes!

A country/continent you would like to visit: I would like to visit Africa because I have never been there and I would love to help those who are in need while also learning from them. We live off of so much in the U.S. and I think it would be good to experience what it would be like to live off of just the basic needs such as food, water, and shelter. I would also like to go to Africa to share the love of Christ and the gospel with others.

A Bible character (other than Jesus) you would like to meet: Mary Magdalene. She spent a lot of time with Jesus and was the first to see the resurrection. She was also a humble woman of God who loved listening to Jesus. I would have loved to just sit at Jesus' feet and listen to him.

A Bible verse that has been important to you this year: Romans 12:2, Romans 8:37-39

Favorite thing about Bluewater: Having the opportunity of sharing Jesus with the campers and seeing God at work week after week in the lives of the campers. Also, soaking up the sun...or rain out on the lake every day.
