LIFE IN AN UNCOMMON KINGDOM

Christi Pease believes that God desires everyone to know Christ as their Lord and Savior. She is passionate for all Christ-followers to get off of the side lines and to rise up to answer God's unique call on their lives. Formally trained and credentialed as a

Registered Dietitian, presently Christi serves part time as the Director of Women Ministries of the Northwest Conference and also serves part time as the Leader Development Coordinator for Women Ministries of the Evangelical Covenant Church.

Christi has a deep commitment to seeking and encouraging others to seek holistic health in body, mind and spirit. In her professional roles she works diligently to provide opportunities for women to understand and to embrace their unique, God-given gifts. She does this prayerfully believing that when women are equipped and encouraged they will flourish as God's instruments for God's redemption in our fallen world.

Christi is married to her best friend Ben Pease and loves spending much of her time investing in partnering in life together including the amazing honor and adventure of being mom to Tim (15), Corinne (13) and John (6). She loves almost any-
